

The Global Kids' Digital Media Initiative's **Digital Media Essay Contest**

Supported by the John D. and Catherine T. MacArthur Foundation

Global Kids is launching a Digital Media Essay Contest. If you are a high school student, we want to know what you think about the various roles digital media play in your life.

What do we mean by digital media?

- The Web
- Instant Messages
- Computer Games
- Palm Pilots
- MP3s
- Blogs
- SMS text messages
- And more...

Would you like:

- A \$10 gift certificate just for participating!
- A chance to win one of the 3 grand prizes (\$200) or one of 8 special mentions (\$100)?
- A shot at being honored at the annual Global Kids Conference?
- The possibility of shaping the next generation of investment in education reform!
